DR. W. C. WALKER

The well known specialist.

Will make his regular visits as follows:

ALMA, WRIGHT HOUSE

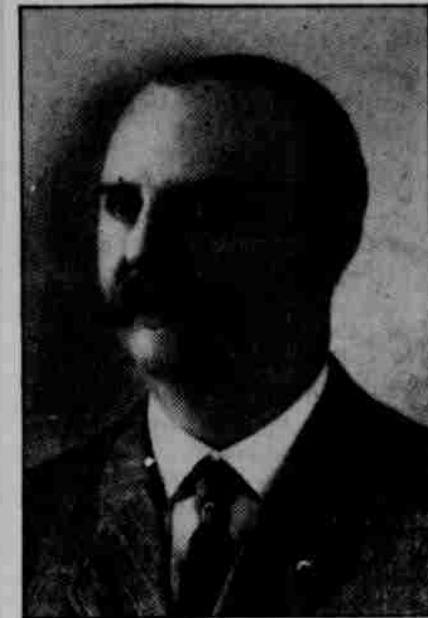

WEDNESDAY, JULY 14

Office hours 9 a. m. to 8 p. m.

ITHACA, SEAVER HOUSE,

Thursday, July 15.

CONSULTATION FREE

Dr. Walker's Methods and System of Treatment are the most successful for all Chronic Diseases and Weaknesses of Mankind known to Medical Science. Waste no time experimenting. Don't wait until your case is past help, but consult Dr. Walker at once. It may mean to you the road to health. No incurable cases accepted. Consultation free.

Read What Grateful People Say:

Mrs. D. C. Carr of Owosso, Mich., who has been seriously afflicted with catarrh of the stomach for some time says: "I feel very thankful to Dr. W. C. Walker for his treatment of my case. When I consulted the doctor in Owosso a short time ago, my stomach was in a terrible condition, that awful gas on my stomach seemed as though it would kill me; also my heart acted so bad at times could scarcely get my breath. Since taking a course of treatment of Dr. Walker, I can eat anything without distressing me. I can now do all my work for I feel like myself again. I consider myself cured." Signed—Mrs. D. C. Carr, Sept. 10, '08.

A remarkable statement of Mrs. Louis E. Root of St. Johns, Mich. She says: "I advise any who may be suffering with gall stones to give Dr. Walker's treatment a trial by all means. Before consulting him I suffered the most intense agony for over a year. The attacks came every few weeks. Only those who have been troubled with them can realize the severe pain they cause. I believe Dr. Walker has entirely cured me. I have had no symptoms of any attacks for a long time." Signed—Mrs. Louise Root.

Read the following testimonial, voluntarily given by Mr. Edward Sperry, a well known citizen of St. Johns. He says: "I wish to publicly express my gratitude to Dr. W. C. Walker for the great good I have received through his treatment. I have been afflicted with catarrh of the head, throat and stomach for years. Having tried a number of other doctors without any permanent relief I decided to consult Dr. Walker, who helped me right along, and I am now pleased to say I am enjoying good health. I cheerfully recommend the doctor to all similarly afflicted." Signed—Edward Sperry, St. Johns, Mich.

None, perhaps, feel more grateful to the doctor than Mrs. J. H. Dennis, of Ovid. She says: "I wish every poor sufferer might know the good I have received under Doctor Walker's treatment, and profit by my experience. There are many in Ovid and vicinity who know how miserable I have been for years, suffering with a complication of diseases which seemed to resist all medical skill, until I consulted Dr. Walker; now I feel like a different person. I feel grateful to the doctor, and offer this testimonial voluntarily for the benefit of all suffering ones." Mrs. J. H. Dennis.

For the benefit of all chronic sufferers Mrs. O. W. Clark of Ithaca, gives the following for publication. She says: "I had been a great sufferer for (a long time) from trouble in my side. I could not get any help and was gradually running down and losing strength every day. Was told nothing but an operation would do me any good. This course I dreaded very much, so I decided to consult Dr. Walker, the Detroit specialist, who visits here, at the Seaver house, each month, which I did on the 7th or last October. I have taken just eight weeks' treatment, of Dr. Walker, and want to say that I feel like a new woman. My old trouble seems to have about all disappeared. All aches and pains are gone. I have also gained in weight fourteen pounds (from 107 to 121 lbs) under his treatment. I feel so well and thankful that I wish this testimonial published."

Signed MRS. O. W. CLARK, Ithaca, Mich.

R. F. D. No. 9, Dec. 3, 1908.

Mrs. S. W. Rose also of Ovid, rejoices being cured of catarrh of the stomach, fifteen years standing.

No matter what your disease or ailment, consult Dr. Walker and he will tell you frankly what he thinks can be done for you.

Remember Date of Visit.

Personal consultation is very important.
